BE. ECE | ravipanneer2001@gmail.com | +91 - 99520 72598 | ravi-raghul-panneerselvam-455495236

PROFILE SUMMARY

Full Stack Engineer with strong expertise in building scalable web applications using the MERN stack. Skilled in developing responsive and interactive user interfaces, architecting RESTful APIs, and integrating backend services with both SQL Server and MongoDB to deliver efficient and reliable solutions.

TECHNICAL SKILLS

- ReactJS
- SQL Server
- JavaScript
- NodeJS
- MongoDB
- TailwindCSS
- ExpressJS
- HTML
- Python
- Postman
- CSS
- GitHub

FUNCTIONAL SKILLS

- Team Collaboration
- Problem Solving
- Analytical Thinking
- Time Management
- Communication
- Adaptability & Learning

EXPERIENCE

ACCESS (TRIYAM) | Software Engineer

Jan 2025 - Present

- Developed parameterized **SSRS** reports and engineered complex **T-SQL (queries, views, stored procedures)** across multiple SQL Server databases to **extract, transform**, and present data with **optimized performance and accuracy**.
- Optimized SSRS report performance via T-SQL **tuning, execution plan analysis**, and **targeted indexing**. Validated accuracy with **dataset reconciliations** and **edge-case testing** before production.
- Collaborated with **cross-functional teams** to improve report design, streamline data collection, and ensure alignment with business objectives.
- Executed data migration tasks using **BCP (Bulk Copy Program)** and **Import/Export Wizards**, facilitating efficient transfer of large datasets between SQL Server instances to support system upgrades and migrations.

ACCESS (TRIYAM) | Associate Software Engineer

July 2023 - Dec 2024

- Conducted detailed database analysis to design and develop efficient logic for new **systems, procedures, and tests**, ensuring the delivery of optimal technical solutions aligned with user requirements.
- Demonstrated strong **time management** and **problem-solving skills** by successfully handling multiple tasks within tight deadlines in a dynamic, fast-paced environment.
- Developed, implemented, and **optimized stored procedures** and functions using T-SQL to support core business processes, reporting requirements, and ETL operations.

PROJECTS

HOTEL BOOKING SYSTEM | MERN STACK

- Built a **full-stack** hotel booking platform using the **MERN** stack with a **responsive UI** powered by **TailwindCSS**, enabling hotel discovery, detailed views, and seamless end-to-end reservations with dynamic routing (**React Router**). Implemented secure **authentication** and **authorization** using **JWT** and **BCrypt**, role-based access control, and robust state management for real-time booking. Integrated **Stripe** for payment processing, designed **RESTful APIs**, optimized database queries with **caching**, and incorporated **validation, error handling, sort, and filter functionalities**. Ensured API reliability through **Postman** testing and enforced best practices in scalability and maintainability.
- Backend (GitHub) : <https://github.com/RV-raghul/HotelBookingSystem-Backend>
- Frontend (GitHub) : <https://github.com/RV-raghul/HotelBookingSystem-Frontend>
- Deployed URL: <https://rv-hotelbookingsystem.netlify.app/signin>

MOVIE SEARCHING APP | REACTJS

- Built a **ReactJS** movie search application integrating the **OMDb API** to fetch and render title, metadata, and details by user query. Implemented real-time search with **debouncing**, client-side **pagination**, and resilient **API handling** with loading and error states. Designed a clean, **responsive UI** with accessible components and detail views, optimizing rendering with **memoization** and **state management** best practices.
- GitHub : <https://github.com/RV-raghul/React-Movie-App>
- Deployed URL: <https://ravi-raghul-reactmovieapp.netlify.app>

EDUCATION

- **Meenakshi Sundararajan Engineering College (CGPA: 8.3/10)**
B.E in Electronics and Communication Engineering

July 2019 - May 2023
Chennai, Taminadu

CERTIFICATIONS

- **IIT-M Pravartak Certified Full Stack Development Course With AI Tools**
By GUVI

Sept 2024 - Mar 2025
Chennai, Taminadu

CAREER ACHIEVEMENTS

- Awarded the **SpotLighter Award** for Q3 2024 in recognition of outstanding performance and contributions.
- Secured **First Prize** in the **2024 Hackathon** of the Year, demonstrating innovative problem-solving and technical excellence.
